WELCOME TO THE TASSP SUMMER WORKSHOP

Demetric Wells

TASSP President 2021-22
El Campo I.S.D.

Welcome to the TASSP Summer Workshop 2022!

The last couple of years have tested us all in different ways, but we face a tremendous opportunity. There is not a group of professionals anywhere more resilient than educators. We adjust and adapt better than most in any given situation. Enduring a global pandemic has had a profound impact on our profession and going forward: *it is what we make it!*

I believe our recent experiences have taught us grit and gratitude. In many instances, we learned that we are tougher than we realized and that we can handle more than expected. We have also learned to appreciate the simple things in life and be kind to one another. Most importantly, we learned that together, *it is what we make it!*

Educators will always find a way to thrive during adversity. We are now gathered again, face to face for the betterment of our profession. Let us continue to strive for excellence and remember the TASSP motto, "Above All, Students First." We are so blessed to serve the students in Texas because together, *it is what we make it!*

Our profession inspires learning, instills hope, and embodies humanity. As educators, how we impact students and families is our legacy – *it is what we make it!*

Archie E. McAfee

TASSP Executive Director

Welcome to the Capital of Texas and to the 99th Annual TASSP Summer Workshop. We are delighted that you have chosen to join over 2,300 secondary school administrators, over two hundred speakers and over one hundred exhibitor cohorts for a time of renewal through this high-quality in-person professional development conference.

Eleanor Roosevelt once said, "You must do the things you think you cannot do."

Over the past two years, the pandemic has caused all of us in the educational arena to think differently about how we do things through the process of educating our students. Whether it be via Zoom, small group instruction in a secluded school environment or some other method, we have been able to deliver instruction in ways we never dreamed possible.

School leaders have risen to the occasion and have done things they never thought they could do just a few short months ago. Our principals and teachers have done an outstanding job of helping bridge the gap between school and home through innovative instructional techniques.

This year's Summer Workshop has been designed to allow you the opportunity to gain continuing professional education credit hours in an array of educational areas. By your attendance at this Summer Workshop, you are demonstrating to your students, staff, and community your commitment to educational excellence.

Only through professional growth and development can you continue to effectively lead your school and when unforeseen circumstances arise, you will be better prepared to do things in a way you never dreamed possible.

We wish you a successful workshop experience. Please complete the survey on the mobile app for each session you attend. Your feedback is important; your voice is valued.

Recording CPE Hours

Educators are required to keep a record of their professional development hours to meet the number of required hours for maintaining their certification. TEA suggests that educators keep a copy of attendance in a personal file in the event of an audit regarding certification. The Texas Association of Secondary School Principals approved provider number is 500-111. TASSP does not keep a copy of attendance by session at TASSP-sponsored workshops and conferences. On the TASSP Event App, there is a CPE form that attendees can use to record attendance by session, title, CPE Standards, and time. School counselors, learning resource specialists/librarians, educational diagnosticians, reading specialists, master teachers, superintendents, principals, and assistant principals must complete 200 clock hours every five years to maintain certification. Read more about the Standard Certificate Renewal Requirements at: <https://tea.texas.gov/texas-educators/preparation-and-continuing-education/continuing-professional-education-cpe>

GENERAL SESSION KEYNOTES

Kim Bearden - Grand Opening General Session: Wed. 8:00a

Fight Song: 6 Steps To Passion, Power, Peace, And Purpose

In most lives there is a moment when we need to rise through our pain, through self-doubt, fear, and mistrust, and reconnect with who we are meant to be. Kim is an award-winning educator of 34 years, but she is also a wife and mother of four children. Through the use of her own personal journey and how she overcame tragedy, betrayal, heartbreak, and pain, Kim will help audience members realize their influence, strength, and worth. Kim's heartwarming and thought-provoking anecdotes serve as compassionate, humorous reminders that it is possible to find power within our most painful moments—that in fact, these experiences are the root of our power, truth, and self-acceptance. The blend of personal, professional, and pedagogical anecdotes in addition to Kim's 6 steps engage participants searching for a balance between their lives and their hearts.

Jimmy Casas - First General Session: Wed. 2:00p

Handle with Care: Managing Difficult Situations in Schools with Dignity and Respect

In schools across the country, educators at every level are faced with delicate, challenging situations that require leadership skills and insights in order to produce favorable outcomes for students and staff. In this presentation, Jimmy Casas examines a variety of difficult school-related situations, both in and out of the classroom, and provides strategies, tools, and techniques to address a variety of difficult-to-handle situations and scenarios in order to help students and staff emerge from missteps more self-aware, feeling valued, and able to move forward.

Steve Gilliland - Second General Session: Thu. 9:00a

Moving Forward with Purpose

More than ever, people need to rely on cooperative strength, think differently and continue MOVING FORWARD WITH PURPOSE. This relevant and timely keynote speech reflects on where we've been and the powerful potential that awaits those ready to seek and secure it. Together we are enduring a dramatic chapter in the real-life story of access, empathy, progress and well-being. If we fail to adapt, we fail to move forward. Life is about moving on, accepting changes and looking forward to what makes you stronger and more complete.

Michele Borba - Third General Session: Thu. 2:00p

Thrivers: What Really Helps Kids Find Happiness Today & Success Tomorrow

Michele Borba, the bestselling author of *UnSelfie* explains why the old markers of accomplishment are no longer reliable predictors of success in the 21st century — and offers proven traits that will safeguard our kids for what lies ahead. The high-achieving students she talks with every day are more accomplished, better educated, and more privileged than ever before. But many are also more stressed, unhappier, and struggling with anxiety, depression, and burnout at younger and younger ages. Thrivers are different: they flourish in our fast-paced, digital-driven, often uncertain world. Why? Dr. Borba found the difference between those who struggle and those who succeed comes down to the personal traits that set Thrivers apart and set them up for happiness as well as greater potential later in life. In her newest book and in her speeches, Dr. Borba offers practical, actionable ways to develop these Thrivers traits from preschool through high school and show how to teach kids how to cope today so they can thrive tomorrow.

Jimmy Wayne - Closing General Session: Fri. 10:00a

The Power of Love and a Homeless Kid who Found the Way

Jimmy Wayne is a former foster kid turned award-winning country recording-artist whose songs and story highlight his mission to raise awareness for children in foster care. Jimmy's hits include "Stay Gone," "Paper Angels," "I Love You This Much" and "Do You Believe Me Now," which earned BMI's prestigious Million-Air Award for receiving more than one million radio spins in America. In 2009, Jimmy toured with Brad Paisley and recorded "Sara Smile" with rock 'n' roll Hall of Fame duo Daryl Hall and John Oates.

In 2010, Jimmy walked halfway across America (from Nashville to Phoenix) to raise awareness for kids aging out of the foster care system. While walking, he wrote the Christmas novel *Paper Angels* (2011, Simon & Schuster). In 2012, Jimmy lobbied to pass legislative bills extending the age of foster care from 18 to 21 in California and Tennessee.

In 2013, Jimmy's first film, *Paper Angels* (UPtv) became an instant holiday classic and in 2014 he released *Walk to Beautiful: The Power of Love and a Homeless Kid Who Found the Way* (2014, Thomas Nelson/Harper Collins) which became a three-time New York Times bestseller, crossing the 170,000 sales milestone in early 2019, and became a #1 Bestseller at Amazon.

22 • 2022 TASSP STUDENT AWARD WINNERS

Twelve outstanding seniors have been named to the **2022 TASSP All-State Academic Team**. Designed to recognize high school seniors for their outstanding academic achievements, the program focuses attention on the rewards of superior scholarship. Many outstanding senior students were nominated by their high school principals based on the students' scores on the SAT or ACT test, overall academic grade point average, pursuit of advanced diploma and other evidence of exceptional academic ability. Each nominee was asked to write a 300-500 word essay to submit with the application. The program will recognize these graduating Texas seniors with an unrestricted scholarship of \$500. Finalists were recognized locally with plaques donated by Jostens and both groups will be honored at the Third General Session here at the Summer Workshop.

The Texas Association of Secondary School Principals and its members recognize that students' achievements often go beyond academic accomplishments. The **TASSP Teens Serving Texas Recognition Program** was established to honor and recognize high school seniors who have demonstrated excellence in areas of community service, leadership and personal accomplishment through unique endeavors, obstacles overcome or special talents. The program will recognize five graduating Texas seniors with an unrestricted scholarship of \$500. Finalists were recognized locally with plaques provided by TASSP.

EDUCATORS STRUGGLE WITH **SKY HIGH** STUDENT LOAN DEBT

More than **sixty percent** of educators have student loan debt, and that debt weighs heavily on their decision to stay in the profession.

70%

would stay longer if they could lower their monthly payment

Horace Mann's Student Loan Solutions program can help educators manage their student loans and find ways to reduce, or even eliminate, their student loan debt – which can help you better attract and retain employees.
