Archie E. McAfee

TASSP Executive Director

Welcome to the Capital of Texas, the Summer Workshop, and to the 100th Anniversary of TASSP!

The founding fathers of TASSP were spot-on in 1923 when they established the Vision for our association which is – “To offer Texas Principals and Assistant Principals a forum to explore the best practices in school administration with the ultimate goal of helping facilitate student learning. It is the intent of the organization that we honor our motto, “Above All, Students First,” in all that we do.”

This year’s Summer Workshop has been designed to allow you the opportunity to explore the best practices in school administration while you gain continuing professional education credit hours. By your attendance at this annual workshop, you are demonstrating to your students, staff and community your commitment to educational excellence and to our motto, “Above All, Students First.”

As we embark on the next 100 years in TASSP, we encourage you to remain vigilant in your efforts to educate the next generation of students in the Great State of Texas. Only through professional growth and development can you continue to effectively lead your school.

Thank you for joining your colleagues as you relax, refresh and recharge for the coming year.

Name Badge Required

Recording CPE Hours

Educators are required to keep a record of their professional development hours to meet the number of required hours for maintaining their certification. TEA suggests that educators keep a copy of attendance in a personal file in the event of an audit regarding certification. The Texas Association of Secondary School Principals approved provider number is 500-111. TASSP does not keep a copy of attendance by session at TASSP-sponsored workshops and conferences. On the TASSP Event App, there is a CPE form that attendees can use to record attendance by session, title, CPE Standards, and time. School counselors, learning resource specialists/librarians, educational diagnosticians, reading specialists, master teachers, superintendents, principals, and assistant principals must complete 200 clock hours every five years to maintain certification. Read more about the Standard Certificate Renewal Requirements at the TEA Website.

We strongly encourage attendees to post photos and “selfies” while attending the TASSP Summer Workshop. Please use our hashtag #TASSP100 for all conference/workshop postings. GENERAL SESSION KEYNOTES

Jack Berckemeyer - Grand Opening General Session: Wed. 8:00a

Optimism and Opportunity

Inspiring, humorous, and applicable to all in attendance. Choosing optimism—even in the face of tough challenges—helps restore the healthy interactions and positive relationships necessary for enacting real school change. Hear how teachers and school leaders can rekindle their individual and collective enthusiasm for a profession that has been progressively inundated with negativity. Be prepared to learn, to laugh, and to leave with a renewed sense of purpose. Join these teachers for a fact-based, positive approach to “taking back our profession.” Research-based strategies, practical examples, and thought-provoking scenarios will be included.

Kim Strobel - First General Session: Wed. 2:00p

The Science of Happiness: How Positivity Improves Outcomes

When you hear the terms “happiness” and “well-being,” what do you think of? In this keynote, Kim uses storytelling and science to talk about how happiness is more than just a feeling and how it can have a tremendous effect on performance.

With an energy that’s both captivating and down-to-earth, Kim shares eye-opening research and simple, actionable steps for how we can reprogram our brains to become more fulfilled and positive in our personal and professional lives. Be prepared to laugh and learn along with your audience as Kim motivates and entertains with her real-talk humor and inspirational teaching.

Baruti Kafele - Second General Session: Thu. 9:00a

Just One Principal Can Completely Alter the Trajectory of an Entire School Community

Principal Kafele will make the case that there are so many variables that factor into a youngsters chances and opportunities for success, but it is the presence of that purpose-driven, mission-oriented, visionary principal that can completely alter the trajectory of an entire school community!

Dr. Adam Sáenz - Third General Session: Thu. 2:30p

Emotional Intelligence: The Key to Post-Pandemic Recovery

The psychological residue that remains after the pandemic can leave leaders in education feeling overwhelmed and at a loss: “I’m trained as an educator, not as a mental health professional. What can I possibly do begin to lead our faculty, staff and students out of survival mode and into emotional wellness?”

The good news is that the research is clear: leaders who practice emotional intelligence are more sustainable in their profession, and they create synergistic teams and environments. This positions them to be the kinds of leaders that leave a mark (instead of a scar) in their professional legacies. In this keynote address, licensed psychologist Dr. Adam L. Sáenz will draw upon 20 years of experience working in schools to provide a functional definition of emotional intelligence and how it applies to our roles in educational leadership. He will also provide practical strategies that any leader in education can implement immediately to create psychological safety for faculty, staff, and students.

Morris Morrison - Closing General Session: Fri. 10:15a

Overnight Success

Morris Morrison will energize audiences to abandon their attraction to instant results and overnight success. Audiences will be equipped to embrace a mindset of continued growth and focus, instead of instant gratification. This keynote program will challenge leaders to reconsider their signature impact as professionals, to push themselves for greater influence within their culture. Morris Morrison’s energy, entertainment and customized content will inspire audiences to move beyond transactional activities, to deliver transformational results.

Kim Campbell - Women in Leadership Luncheon: Wed. Noon/Marriott (Ticket Required)

We Will Survive!!

We survive as leaders because we know and understand that having a sense of humor, building positive strong relationships, and finding ways to laugh are critical to our survival. Join me as we have fun laughing, playing, and celebrating all the great things about being a leader in uncertain times.

2023 TASSP STUDENT AWARD WINNERS • 21

Eighteen outstanding seniors have been named to the 2023 TASSP All-State Academic Team. Designed to recognize high school seniors for their outstanding academic achievements, the program focuses attention on the rewards of superior scholarship. Many outstanding senior students were nominated by their high school principals based on the students' scores on the SAT or ACT test, overall academic grade point average, pursuit of advanced diploma and other evidence of exceptional academic ability. Each nominee was asked to write a 300-500 word essay to submit with the application. The program will recognize these graduating Texas seniors with an unrestricted scholarship of \$500. Finalists were recognized locally with plaques donated by Jostens and both groups will be honored at the Third General Session here at the Summer Workshop.

The Texas Association of Secondary School Principals and its members recognize that students' achievements often go beyond academic accomplishments. The TASSP Teens Serving Texas Recognition Program was established to honor and recognize high school seniors who have demonstrated excellence in areas of community service, leadership and personal accomplishment through unique endeavors, obstacles overcome or special talents. The program will recognize five graduating Texas seniors with an unrestricted scholarship of \$500. Finalists were recognized locally with plaques provided by TASSP.

WHERE REAL HAPPENS

Horace Mann is your partner in financial wellness

Financial wellness, one of the biggest challenges for employees, is defined as, “being confident in your financial situation, able to withstand unexpected expenses and enjoy a financially secure future.”¹

Employees have many financial needs — meeting everyday expenses, paying off debt, saving for emergencies, paying for healthcare and saving for retirement — but there’s only so much money to go around.

A well-crafted financial wellness program may be the answer. No matter where your employees are in their journey, Horace Mann will be with them every step of the way. Contact me today to learn more or schedule a workshop.

OUR ADVANTAGE

"When you get a product like Lowman to give to teachers, it's priceless to me. Most teachers aren't student teaching anymore, they are getting thrown into the classroom with no experience. It's a great tool because it's easy to navigate and so easy to understand. We use other tools but Lowman is curriculum-based and it gives examples of what has been on the test. We struggled with test scores for years and I saw young teachers use Lowman and they were able to make great marks and have the kids succeed. We had first-year teachers who were also busy coaches that saw a dramatic increase, and they did not student teach. We gave them the map and that map was Lowman."
