Payroll Deduction Form 2022-2023

MEMBERSHIP BENEFITS BEGIN UPON RECEIPT BY THE TASSP OFFICE OF THIS FORM COMPLETED AND SIGNED BY BOTH THE MEMBER AND THE ISD PAYROLL OFFICER.

Note: The State of Texas Legislature has twice considered a bill that would eliminate teachers/educators from participating in payroll deduction to pay association dues. For now, TASSP will continue to accept payroll deduction as an acceptable form of payment for membership. If this practice becomes unacceptable due to changes in State law, the remaining balance of your TASSP membership will be due within 30 days of the date of the last payroll deduction payment. Failure to pay within the 30-day period may result in loss of member benefits, including but not limited to liability insurance. Members are responsible for monitoring individual payroll reports for payments to TASSP.

TEXAS ASSOCIATION OF FUTURE EDUCATORS

www.tafeonline.org

The Texas Association of Future Educators (TAFE) is a statewide nonprofit organization that offers students in grades 6-12 the opportunity to explore the teaching profession. We accomplish this by creating and supporting various conferences, seminars, contests, scholarships, and summer workshops. The TAFE state office gives operational support to more than 300 chapters across the state of Texas. We publish a quarterly newsletter, produce an Advisors' Handbook, New Chapter Starter Kit and maintain a website with future educator resources.

TAFE is a recognized Career and Technical Student Organization (like FFA, DECA and FCCLA). This allows districts to use federal Career and Technical Education funding to support student participation in TAFE professional development activities. With your support, this historic achievement will allow more students to reach their dream of becoming future educators.

**Starting a TAFE chapter on your campus is the first step to developing high quality teachers.
Are you planning for the future?**

TAFE is quickly becoming “the” student organization on many campuses.

Some of the many reasons cited are:

- Easy to implement
- Scholarship opportunities
- Low financial cost of becoming a member school. TAFE affiliation fee is \$80 per chapter (Perkins funds can be used to pay affiliation fees because it is for all members in the chapter) to be paid to TAFE and \$10 National dues per student member to be paid to Educators Rising (Perkins funds cannot be used for this because it is per student member not all members).
- Students enjoy participating in TAFE activities
- Principals enjoy having students on campus excited about the teaching profession

STAAR Corner

A periodic update about the redesign of the state's summative test.

School campuses across Texas are preparing for the upcoming changes to the State of Texas Assessments of Academic Readiness (STAAR®) that will better align the test to high-quality classroom instruction. Beginning with the spring 2023 STAAR administration, new non-multiple-choice question types that teachers already use during effective instruction will be incorporated into the test. The new question types were developed with input from Texas teachers, students, and a wide range of educational stakeholders and assessment experts. TEA field-tested these new question types during 2022 to verify their ability to accurately and reliably measure students' understanding of the Texas Essential Knowledge and Skills (TEKS). Visit the website to hear what teachers have to say about the redesigned STAAR test and the new item types.

Teachers and parents can see preliminary blueprints that show how each test will be constructed with the addition of new question types. Teachers can provide their students with opportunities to become familiar with the online testing platform through the optional Beginning-of-Year assessments, STAAR Interim assessments, tests created using Texas Formative Assessment Resource (TFAR), and select tests from high quality instructional materials that have been added to the online platform. Educators, families, and students can also take practice tests online to become familiar with the accessibility and accommodation features.

Learn more about the STAAR redesign. Visit: www.tea.texas.gov
